ABOUT US

NEVER SETTling ALWAYS EVOLVING

Born from a vision to redefine the ordinary, we are committed to constant evolution.

Our history is rooted in being flexible. We are equipped with innovations that allow freedom to move forward effortlessly in the face of change. The result is an ever-expanding collection of bold headwear that continues to stand the test of time.

We believe that mindful design and quality engineering are at the core of progressiveness, which transforms into a power to instill a higher level of performance in life. That's why we work relentlessly to introduce most relevant styles and performance technologies.

But above all else, we want to work together in driving positive change. That's why we offer a diverse range of services that are designed to accommodate ideas from all types of visionaries.

Evolution is a constant battle to adapt, improve, and overcome the changes that surround us. Our goal is to keep up with the newest technology and trend while keeping our renowned quality and craftsmanship. That's why we are never settling, but always evolving.

PRODUCT

YP CLASSICS™

Wide range of Selection

Esteemed since 1974, YP Classics™ caps represent our classic hat line anywhere from timeless snapbacks to high quality knits. Crafted with the best materials and perfected over 40+ years, this collection offers authenticity with traditional-yet-stylish looks not available anywhere else.

YP CLASSICS™ HATS:

SNAPBACK, ADJUSTABLE, JOCKEY, MILITARY, KNITS, WASHING, VISOR, IVY, BUCKET HAT, DAD CAP, TRUCKER, ETC.

FLEXFIT®

The Original Stretch Fitted Cap

The Flexfit® cap refers to the original stretchable fitted cap featuring the Flexfit® technology. With polyurethane woven into the sweatband, this all-purpose hat delivers the perfect blend of comfort and style for sports and casual wear.

FLEXFIT 210®

Premium Stretch Fitted On-field Cap

The Flexfit 210® cap offers the premium look with the reactive comfort of Flexfit® technology. It's got the on-field baseball shape for keeping it relevant and wool-blended fabric for its premium status.

FLEXFIT 110®

Adjustable Stretch Cap

The Flexfit 110® cap delivers a good balance between comfort and style. It fits 10 sizes and every size in between by combining the stretchable Flexfit® technology and the adjustable back closure, allowing all areas of the cap to stretch. It provides universal responsive fit with maximum comfort.

FLEXFIT DELTA®

Seamless Stretch Cap

Lighter, sleeker, and smarter, the Flexfit Delta® cap is our most innovative cap up to date. It features seamless construction, a multifunctional 3-layer sweatband for moisture wicking, and stain-block technology for a sweat and stain free cap. It also incorporates Flexfit® technology for added comfort.

FLEXFIT® TECH

ULTIMATE FUSION OF TECH AND PERFORMANCE

Flexfit® Technology is the ultimate fusion of tech and performance. It defies the conventional mechanics of fitted caps by weaving polyurethane spandex into the sweatband and throughout the crown for added elasticity. It is the world's first patented stretch-fit cap technology used to produce the Flexfit® caps, renowned for its universal fit and definitive comfort.

Flexfit® Technology is the backbone behind Flexfit 110®, Flexfit 210® and Flexfit Delta® series. The technology is shared among our core product brands to provide the best that we can offer. It brings value to our brand and distinguishes us from other headwear manufacturers.

Flexfit® caps have been picked up by top brands in various industries including street, sports, outdoor, and many more, proving its effectiveness among customers.

Innovative until the end, Flexfit® technology is the fuel behind the performance and unparalleled technology taking you to a new level.

TECHNOLOGIES

FLEXFIT® TECH

Our revolutionary technology weaves polyurethane spandex throughout the cap's crown for an incredibly secure and comfortable fit.

FLEXFIT® MESH

Flexfit® Mesh is the revolutionary stretchable mesh that provides ultimate ventilation and comfort. It is tailored to fit trucker caps.

FLEXIBLE VISOR

Our Flexible Visor is lightweight, and can be bent in any way and still keep its shape.

PERMACURV®

Our visors come with a technology that maintains its proper shape and curve at all times.

HYPER TECH

HYPER TECH conquers all elements: thermal regulation, Cool & Dry, anti-bacterial, and UV protection.

HYBRID TECH

The HYBRID TECH combines the best elements - water repellency and Cool & Dry moisture-wicking - to keep you dry and fresh at all times.

ULTRAFIBRE

Featuring super synthetic fibers, Ultrafibre caps are versatile -- they are robust, lightweight, and wind and water resistant. The fibers also have a natural shine that emanates strength.

PRO-FORMANCE®

The Pro-Formance® technology combines Cool & Dry properties with the premium look and feel of wool fabric.

COOL & DRY

The Cool & Dry technology wicks perspiration away from body and keeps you cool, dry, and refreshed.

ECODRY

The EcoDry treatment is an environmentally friendly way of adding water repellency to our products without the use of hazardous chemicals.

PROGRAMS

CUSTOM OVERSEAS PROGRAM

Custom Overseas program will help bring your designs to life. With hundreds of options to choose from, you will be given an opportunity to create a one-of-a-kind hat that suits your needs.

MINIMUMS

60 DZ (720 pcs) per style

FLEXFIT DELTA®

SEAMLESS EXCELLENCE

The continued success of Flexfit® products led to the creation of the Flexfit Delta® cap. Our newest invention yet, it has quickly become our flagship brand that fulfilled the increasing demand for technical headwear in the industry. With innovative technologies on the inside and a sleek, luxurious look on the outside, the Flexfit Delta® cap is known for leading a trend in performance headwear.

The Flexfit Delta® cap is made with seamless construction to minimize stitching and with patent-pending stain-block technology to keep the hat sweat and stain free. The multifunctional 3-layer sweatband efficiently absorbs sweat, then our revolutionary stain-block tech comes into effect by diffusing the sweat through the undersivor and letting it evaporate, preventing unwanted sweat stains on the hat. And of course, it features the original Flexfit® technology for definitive comfort.

FLEXFIT 110®

TUNED TO YOU

Taking in the popular snapback trend at the time and infusing it with the best that we have, Flexfit 110® cap features a unique hybrid of adjustability and Flexfit® technology. It is adaptive, durable, and its universal versatility makes this the favorite cap worn time and time again.

Named after its ability to fit 10 sizes and every size in between, Flexfit 110® cap is valued by hat sellers and wearers alike for its superior comfort and functionality.

FLEXFIT 210®

PREMIUM FITTED CAP FOR ALL

After seeing much success in the street market with the Flexfit® caps, we saw an opportunity for a new design specifically targeting the street and action brands. Keeping the original Flexfit® technology intact, we decided to refine the shape and upgrade the fabric to make it trendier and superior, fitting the premium lifestyle brands that are still well known today.

Flexfit 210® cap is equipped with on-field baseball cap shape with moisture absorbent Flexfit® sweatband, making it athletically apt and stylistically progressive. It is known as the 'premium' hat for its use of wool in the fabric. And of course, it features the original Flexfit® technology for unrivaled comfort.

Modern chic infused with street, Flexfit 210® cap is the premium fitted cap for all.

STRETCH FITTED

FLEXFIT®

THE FIRST BORN

The pioneer of stretch-fit caps, Flexfit® caps are the first to be patented with the stretchable technology on fitted caps. This revolutionary invention redefined comfort and style in the headwear industry even to this day.

The brand's story begins in 1994 when the Flexfit® technology was first developed and introduced. The idea of a stretch fitted cap was unheard of, but welcomed by many. Since then, this iconic yet functional cap has been picked up by top names in urban, lifestyle, and sports markets elevating it to a new level of headwear.

Flexfit® cap was the inspiration behind Flexfit 110®, Flexfit 210®, and Flexfit Delta® caps, which all feature the Flexfit® technology along with distinct styles and functions. Nonetheless, you can never beat the original.

YP CLASSICS™

FOREVER ADJUSTED, NEVER REPLACED

YP Classics™ cap's story begins in 1974 when our founder came up with a groundbreaking idea of using foam trucker hats for promotional uses. It was that simple foam trucker hat that paved the way for the hundreds of different styles you see in our catalog today.

YP Classics™ collection is often labeled as timeless because of its elegance and top-notch quality. From classic dad caps to sturdy knit beanies, jockeys, and a variety of styles of headwear, the collection truly showcases our craftsmanship and capability we've been honing for 45 years.

An icon in its own right, YP Classics™ caps champion modern, retro, and laid-back all at the same time, suitable for the title 'timeless classic.'

ANTIQUE BRASS BUCKLE

MULTICAM®

MULTICAM® was developed to effectively limit the visual and near-infrared signature of a person operating in a variety of environments. After being proven in combat, the pattern was officially issued by the U.S. for all Afghanistan operations in 2010.

MULTICAM® BLACK

MULTICAM® Black was developed to meet the unique needs of law enforcement officers operating in high risk environments. It presents a sharp, professional image, projecting a distinctly authoritative presence.

CROWN

HAT COMPONENTS

VISOR
A fabric-covered round plastic piece attached to the front to help shield the eyes from the sun. Visors come in a wide range of shapes and curvatures to cater to a variety of headwear styles.

PANELS
Triangular pieces of fabric that are stitched together to form the main rounded structure of the hat. Depending on the style, hats are generally comprised of 5 or 6 panels.

CLOSURE
The back piece of the hat that determines fit and adjustability. There is a wide range of closure types such as snapbacks, buckles, and plastic hooks. Closures will help achieve the perfect fit for maximum comfort.

CROWN
Refers to the distance from the bottom edge of the hat to the top of the head. This helps determine the depth of the hat: a smaller number means the hat will sit higher on the head while a larger number means the hat will sit lower.

PROFILE
Refers to the slope of the cap's crown. Low-profile caps tend to have crowns that are more angled while high-profile caps have crowns that are more perpendicular to the visor.
