CATALOGUE

VOLUME 10

“IT’S GOTTA BE RITEMATE”

RITEMATE WORKWEAR

is an innovative workwear brand that is rapidly expanding on the Australian market.

Having a major involvement in the Australian textile and clothing industry over the last thirty years, the executives of Ritemate bring a wealth of experience and knowledge to a growing range of high quality products that are fast gaining popular consumer recognition amid a myriad of high profile workwear names.

When asked "what is the point of difference between Ritemate Workwear and other more well known and longer established brands", we are proud to say that though Ritemate is 'the new kid on the block', our vast experience and wealth of knowledge within the textile and clothing industry allows us to offer consumers, through selected stockist a range of high quality work wear products with value for money in the Ritemate brand. Ritemate is backed up by the three important elements essential to the needs of consumers: "Service, Quality and Price". Our highly reputable parent company was established in 1977 and we would never have been around for that long without recognising the needs of our customers and following through with a service attitude that we believe is second to none"

Styling, fit and fabric performance are key features in the Ritemate range of industrial workwear and high visibility safety garments. Ritemate General Manager, David Mair says "Practical designs, wearing comfort and hard wearing fabrics all combine to give our exciting new brand the acceleration that we are currently experiencing in this broad spectrum work wear market".

The distinctive and iconic Ritemate logo with the hand giving the proverbial 'thumbs up' sign is all about the Aussie larrikin attitude so I guess the accompanying caption says it all:

"IT'S GOTTA BE RITEMATE"

RELAXED CHEST	58	63	68	74	80	85	92	98

For a comfortable fit it is important to measure correctly.
When measuring make sure the tape is level and not tight.

- NECK** Measure around the neck where the top of the shirt collar would sit – Leaving room for comfort
- CHEST** Standing naturally, measure around the fullest part of the chest and shoulder blades measuring under the arms
- WAIST** Measure over undergarments around your natural waistline
